

BESTO 165N HAMMAR

With its 3D design and soft outer cover, the Besto 165N has a perfect fit. The collar is firmly connected with the back and neck with the 3D fit, ensures a comfortable and safe neck support. The jacket comes standard with a leg band. This ensures the jacket to function properly and an ample freeboard. The jacket is finished with an edge binding all around. The jacket has a buoyancy of 165N.

- Hammar:**
- Provided with Hydrostatic (reacting to pressure) Automat
 - Does not react to rain or spray-water, only at immersion
 - Suitable for use in places or circumstances with a lot of water-contact
